

Like the original PVC Trampoline, but bigger and better! Higher profile, larger diameter, larger bouncing surface, and a new all elastic webbing frame system will make for higher bounce and a higher level of fun! No metal frames or springs!! Its big, bold graphics and attractive features are bound to make this island the main attraction on a lake near you!

- large bouncing surface
- heavy-gauge PVC bladder
- molded handles
- Inflated Length: 12 foot (365cm) diameter
- Inflated Height: 36in
